The Post Will Endeavor to Give All Possible . Information.

The Post has received hundreds and hundreds of telegrams from all parts of the country inquiring about friends and relatives at Galveston.

The Post has established headquarters at Galveston, and men thoroughly acquainted with the city are in charge. They have been instructed to get names of the dead and living as rapidly as possible, and to make a systematic canvass of the city. It is an immense work, but the facts are being brought out and given to the public as quickly as human endeavor ean obtain them.

Byery effort is being made to secure the information desired, but it is impracticable to answer inquiries except by publishing the names as either dead or safe, and these will be published each day as definite information is gained.
